To Whom It May Concern

Knowledge Gathering and Connection (KGC) at Japan has contacted University of Dubai (UD) for establishing network between businesses in Japan who are keen in doing business in Dubai through UD academic and research faculty. We at UD are interested in assisting Japanese businesses through undertaking research and consultancy projects in the following key areas related to the development of UAE economy:

- Finance & Banking
- Tourism
- Construction
- Trade
- Insurance
- Logistics
- IT

We will be providing KGC a detailed list of research and consultancy capabilities of the faculty at UD together with the projects completed. This will help the KGC to talk to Japanese businesses for establishing research and consultancy projects of mutual interest.
